This is such a lovely property in a wonderful location with the most stunning views and so tranquil. It is connected to a neighbour at the rear so, to all intents and purposes, it is semi-detached, but you would not at any time be aware of it. Just five minutes from the town of Sax and two minutes from the A31 Alicante to Madrid Autovia yet, when you are at the property, you feel as if you are in the very heart of the countryside. Access is good, there is around 500 metres of road that is in need of resurfacing but it´s not a 4x4 track by any means....(Ask for More Details!)
